

Warren's
COUGH BALSAM!
Has been found, by experience, to be the Best
Remedy for the various Diseases of the
Lungs, and Throat, such as
Asthma, Bronchitis, Consumption, Croup, Influenza
Pleurisy, Pneumonia, Whooping Cough, and
Whooping Cough.

In these Complaints this Medicine has no superior; and
while these efficacies, it is perfectly safe to administer to
persons of all ages.

With the return of cold weather invariably appear
Coughs and Colds. As if neglected, may lead to slow
disease or swift death. As a fire, which at its first be-

gling might have been questioned. In a short time a configuration which, in spite of all efforts, could still consume a city; and the worst diseases of Waukegan, which may be cured as a cold or cough at the first appearance, may be carried down to run on even a few days, may eventually prove fatal.

The Cough Balsam possesses the two fold advantage of being at once *valuable as a curative and invaluable as a preventative* of all the diseases of the Throat, Lungs and Bronchitis.

IN ASTHMA, however, violent and distressing, this Balsam gives prompt relief.

IN BRONCHITIS AND PERTUSSIS it relieves the irritation, loosens the Cough, and procures a favorable expectoration.

By clearing the powers are almost magical. This insidious disease, coming literally "like a thief in the night," may be speedily and effectually arrested by a few timely doses of this Balsam.

Every family should keep it in the house, and thus avoid the dangerous delay occasioned by waiting out for the medicine when needed for a convalescent case.

THE BEST recommendation for a good medicine is found in its use. If the following certificate, from one who has used it, will not give you confidence in it, try one bottle for yourself and you will be convinced. It will cost you but twenty-five cents, and may save you as many dollars as it will cost.

(From Charles S. Crosby, County Attorney for Pembroke County.)

MR. WARREN—Dear Sir: I have used your "Cough Balsam" a few times during the past year, when I have had a severe cough and sore throat, and it has never failed to give me immediate relief. I have used it freely, and I can give you the highest recommendation for the purpose for which you recommended, that I have ever tried. Others have used it under my observation, and with equal success.

CHARLES S. CROSBY.

has relieved the sufferings of all classes in the community; and many of the best men among us do not hesitate to acknowledge, under their own signatures, the personal benefit they have derived from its use. Numerous certificates are in the hands of the proprietors, but our limits allow us to submit only the following from the volume of

TESTIMONIALS.

[A gentleman well known in the vicinity of Westfield, Mass.]

WESTFIELD, MASS., 5th Nov. 1865.

S. W. FOWLER & CO., Boston.—Gents: I take-fully give you my testimony, and improve, and declare that the public should know the claims which you have made in preparation of this medicine, and I will leave to their attention.

About a year since I was attacked with a severe and distressing cough, followed by emaciation, night sweat, and other symptoms of consumptive disease. I tried many remedies, but without success, and was almost at my wits' end, that my friends entreated me to leave for my recovery.

At this juncture I purchased a bottle of WATSON'S BALSAM, and at once began to use it, and by the time your letters had been exhausted I had entirely regained my health and strength. I will ever be kept in my family.
